Optometrist, ABQ Uptown (New Store Opening Fall 2021)

at Warby Parker ([View all jobs](#))

Albuquerque, NM

Warby Parker is looking for a high-energy, innovative, and caring Full-Time Optometrist with a passion for delivering remarkable vision care in a collaborative environment. Our ideal candidate is a team player at heart who strives to exceed patient expectations and has a great attitude all the while.

Sound like you? Keep reading!

What you'll do:

- Perform excellent comprehensive eye exams in accordance with Warby Parker's protocol and standards of care
- Ensure flawless accuracy in taking measurements and diagnosing ocular conditions
- Explain eye health, eyewear, and prescription terminology to patients
- Demonstrate exceptional product knowledge and effectively communicate features and benefits to patients
- Act as a representative for our brand and help educate and excite others to establish Warby Parker as a leading vision service provider

Who you are:

- A Doctor of Optometry licensed in state they will practice
- Excited by a fast-paced, ever-changing work environment
- Dedicated to making people healthy and happy
- Knowledgeable about (and eager to incorporate) new technology into your work

- **Innovative, proactive, and entrepreneurial**
- **Business-minded and driven to deliver results**
- **Not on the Officer of Inspector General's List of Excluded Individuals/Entities (LEIE)**

About Us:

Warby Parker was founded with a mission: to inspire and impact the world with vision, purpose, and style.

We accomplish this by reimagining everything that a company and industry can be. We've proven that a business can scale, be profitable, and do good in the world—without charging a premium for it. And we've learned that it takes creativity, empathy and innovation to consistently surpass customer expectations.

Since the day we launched in 2010, we've pioneered ideas, designed products, and developed technologies that help people see. We offer everything our customers need for happier eyes at a price that leaves them with money in their pockets, from designer-quality glasses and contacts to eye exams and vision tests.

Ultimately, we believe in vision for all, which is why for every pair of glasses or sunglasses we sell, a pair of glasses is distributed to someone in need through our Buy a Pair, Give a Pair program. Over eight million pairs of glasses have been distributed in over 50 countries; that means eight million people now have the glasses they need to learn, work, and achieve better economic outcomes.

At Warby Parker, you can look forward to company outings and events, volunteering and learning opportunities, and just great company filled with curious, kind folks. Dreaming up and sharing ideas aren't responsibilities reserved for certain teams or leaders; the challenge (a really fun one) of innovation is on all of our shoulders. Teammates can also connect around common interests, backgrounds, and identities, no matter their home base, through our various employee resource groups. (We're happy to say that the Human Rights Campaign has named us a Best Place to Work for LGBTQ+ employees!) That sense of community and belonging keeps us excited to walk through the door every day, wherever that door may be.

We're driven to continue building a workplace, based on inclusive behaviors and equitable systems, where all employees can bring their authentic selves, feel engaged, and share their

perspectives as a valued member of Team Warby. Transparency is what we're all about, and our annual [Impact Report and Racial Equity Strategy](#) lay out how we're sticking to these values.
