

Blood and Marrow Transplantation & Cellular Therapy Faculty

The Department of Medicine, Division of Blood & Marrow Transplantation and Cellular Therapy (BMT-CT) seeks a physician scientist to be appointed as Assistant/Associate/Professor in the University Medical Line (UML) or University Tenure Line (UTL). The candidates should have an outstanding record of accomplishment in clinical care, teaching, and a focused area of research activity in allogeneic hematopoietic cell transplantation and/or cellular therapies with importance given to candidates with a specific clinical and/or research interest in myeloid malignancies. The candidates will be considered across broad areas of expertise; these may include: clinical trial outcomes, translational research, laboratory analysis of immune response.

The predominant criterion for appointment in the University Tenure Line is a major commitment to research and teaching. The major criteria for appointment for faculty in the University Medical Line is excellence in the overall mix of clinical care, clinical teaching, scholarly activity that advances clinical medicine, and institutional service appropriate to the programmatic need the individual is expected to fulfill. Faculty rank and line will be determined by the qualifications and experience of the successful candidate.

The successful applicant should have an MD, or MD/PhD with a subspecialty in Hematology or Oncology. Candidate is expected to hold or be able to obtain a CA medical license. BMT training or experience is required. Board certification or board eligibility in hematology or oncology is also required.

The successful candidate will be expected to attend in the outpatient Infusion Treatment Area (ITA) in the Cancer Center, and the BMT-CT inpatient service at Stanford Hospital. The candidate will conduct weekly outpatient clinic sessions. Teaching responsibilities for the candidate will include the teaching of residents and fellows, as well as Divisional teaching responsibilities within the Department of Medicine.

The Department of Medicine, School of Medicine, and Stanford University value faculty who are committed to advancing diversity, equity, and inclusion. Candidates may optionally include as part of their research or teaching statement a brief discussion of how their work will further these ideals. We recognize that the pandemic may have impacted scholarship, and we welcome an optional personal statement in this regard.

Interested candidates should apply at: <https://apptrkr.com/3281133> and upload a copy of their curriculum vitae and a cover letter outlining their clinical, scholarship, teaching/mentorship activities.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford welcomes applications from all who would bring additional dimensions to the University's research, teaching and clinical missions.
