

The University of Missouri School of Medicine

Department of Medicine

Division Chief of Gastroenterology & Hepatology

All Tracks Available

The University of Missouri-Columbia, Department of Medicine is seeking a Division Chief of Gastroenterology and Hepatology. The incoming Division Chief will lead Division contributions to the tripartite academic mission of research, education and clinical service. Leadership opportunities include building and strengthening a large division with specialized services, through clinical and academic programs. Active clinical programs include general GI, advanced therapeutic endoscopy, clinical hepatology, inflammatory bowel diseases and nutritional sciences. NIH- and VA-funded research in the Division centers on metabolic-associated fatty liver and mitochondrial dysfunction, and GI cancers, with a vibrant research environment and collaborations across the University of Missouri. The division hosts three fellowship programs, with twelve fellows.

MU Health Care offers more than 50 primary and specialty clinics and a comprehensive system of six hospitals. Columbia is rated by Forbes as 5th best small place for business and careers in America and is consistently rated a top place to live by Money magazine. Columbia also offers a low cost of living and excellent schools. This is a comprehensive department, offering a full complement of fellowship programs.

Required Qualifications

- 5+ years of demonstrated physician leadership
- MD/DO, Board-certified in Gastroenterology.
- Successful completion of an ACGME-accredited GI fellowship.
- For the purposes of this application, board-certified/board-eligible are considered experienced.

Overview of Educational Program

The ACGME-accredited gastroenterology fellowship program has a long history of graduating outstanding gastroenterologists. Graduates of our training program are in private practice and academic programs throughout the country. Our program, which is accredited by the ACGME, is designed to provide opportunities for fellows to develop clinical competence in the broad field of gastroenterology, including hepatology, endoscopy, clinical nutrition, and GI oncology. In keeping with ACGME requirements, a minimum of 18 months of clinical experience is required, including the equivalent of 5 months of hepatology. The other 18 months of training is dedicated to elective fields of clinical training and to research intended to enhance competency.

Employees of the University of Missouri and University of Missouri Healthcare are eligible for the Public Student Loan Forgiveness Program.

Our Community

Columbia is rated by Forbes magazine as the fifth best small city for business and careers in America and is consistently rated a top place to live by Money Magazine, boasting a low cost of living, a vibrant community, and nationally renowned public schools. Columbia is an ideal college town that combines small-town comforts, and community spirit, with big-city culture, activities, and resources. Our community is energetic and engaged, packed with restaurants and entertainment venues, and hosts more than a dozen annual cultural festivals.

Benefit Eligibility

This position is eligible for University benefits. The University offers a comprehensive benefit package, including medical, dental, and vision plans, retirement, and educational fee discounts. For additional information on University benefits, please visit the Faculty & Staff Benefits website at U.M. System Total Rewards Benefits

Diversity Commitment

The University of Missouri is fully committed to achieving the goal of a diverse and inclusive academic community of faculty, staff, and students. We seek individuals who are committed to this goal and our core campus values of respect, responsibility, discovery, and excellence.

Equal Employment Opportunity

Equal Opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status, or any other status protected by applicable state or federal law. This policy shall not be interpreted in such a manner as to violate the legal rights of religious organizations or the recruiting rights of military organizations associated with the Armed Forces or the Department of Homeland Security of the United States of America. For more information, call the Vice-Chancellor of Human Resource Services/Affirmative Action officer at 573-882-4256.

To request ADA accommodations, please call the Disability Inclusion and ADA Compliance Manager at 573-884-7278.

Vaccination Statement

After careful consideration of COVID-19 virus trends and the overwhelming evidence of COVID-19 vaccine safety and effectiveness, the School of Medicine, along with MU Health Care, the Sinclair School of Nursing and the School of Health Professions, recently announced the decision to require COVID-19 vaccinations by Oct. 1, 2021, for all employees, unless granted a medical or religious exemption.

All new hires will be required to submit proof of vaccination prior to your start date. If you would like to request a medical or religious exemption, you must do so upon acceptance of employment so our team has time to review prior to your scheduled start date. You will not be allowed to begin work until you have submitted proof of vaccination or received an approved medical or religious exemption.

Thank you for helping us to create the safest environment possible for our colleagues, students and our patients by protecting yourself and others through COVID-19 vaccination.
