

Faculty Physician Opportunities for National Jewish Health – Denver, CO

Gastroenterology Rheumatology Neurology

National Jewish Health, located in Denver, Colorado in the beautiful Rocky Mountains, is seeking physicians to join our medical staff.

National Jewish Health

National Jewish Health is the leading respiratory hospital in the nation. Founded 124 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care.

National Jewish Health has been named a top 10 hospital in the pulmonology category for the 27th consecutive year by *U.S. News & World Report* on its 2023-24 list of best hospitals in the nation. National Jewish Health has been among the top hospitals in this category every year that pulmonology has been evaluated.

National Jewish Health also was recognized by *U.S. News & World Report* this year as “High Performing,” the highest rating available for conditions in the Common Adult Conditions and Procedures, in three categories: Chronic Obstructive Pulmonary Disease (COPD), Lung Cancer Surgery and Pneumonia.

Since 2011, *U.S. News & World Report* has ranked National Jewish Health together with its longtime academic affiliate UCHealth University of Colorado Hospital.

Breathing Science is Life

Our mission since 1899 is to heal, to discover, and to educate as a preeminent health care institution. We serve by providing the best integrated and innovative care for patients and their families; by understanding and finding cures for the diseases we research; and, by educating and training the next generation of health care professionals to be leaders in medicine and science.

Our vision is to strengthen and enhance our role as the global leader in the treatment and research of respiratory, cardiovascular, rheumatologic, autoimmune, inflammatory and immunologic diseases. We pursue this vision by pioneering personalized health and medicine programs, which embrace the paradigm shift from reactive medicine to proactive and preventive health delivery. Through our efforts, we pursue the

discovery of cures for patients who seek treatment, and we bring new knowledge and innovation to help people worldwide.

When you join National Jewish Health, you're contributing to our outstanding history by working to extend our excellence into the future.
