

The Department of Medicine, Division of Endocrinology, Gerontology and Metabolism seeks two physician scientists or scientists to be appointed as Assistant/Associate/Professor in the University Medical Line (UML) or University Tenure Line (UTL). Candidates with basic, translational or clinical research programs in any area related to endocrinology, diabetes or metabolism will be considered, including but not limited to pre-clinical models of diabetes or other endocrine disorders, informatics, genetics, genomics and other "omics" research, endocrine/hormone physiology, or pharmacotherapy. The candidates will be considered across broad areas of expertise, including clinical trials and/or translational research; the successful candidates are expected to recruit and mentor trainees seeking a career in basic/translational science in endocrinology.

For more information about the position, including required qualifications and application materials, go to: <https://apptrkr.com/4862794>

Applications will be reviewed beginning March 1st, 2024 and accepted until position is filled.

For questions, please contact Junie Urbano, Faculty Affairs Specialist for Recruitment at [junie@stanford.edu](mailto:junieu@stanford.edu)

The Department of Medicine, School of Medicine, and Stanford University value faculty who will help foster an inclusive academic environment for colleagues, students, and staff with a wide range of backgrounds, identities, and outlooks. Candidates may choose to include as part of their research and teaching statements a brief discussion about how their work and experience will further these ideals. Additional information about Stanford's IDEAL initiative may be found here: <https://ideal.stanford.edu/about-ideal/diversity-statement>.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford also welcomes applications from others who would bring additional dimensions to the University's research, teaching and clinical missions.
