

## Family Medicine Physician Opportunity

### Who We Are

Southcentral Foundation (SCF) is an Alaska Native-owned health care system providing a variety of services for 70,000 Alaska Native and American Indian people. SCF's internationally recognized, relationship-based model of care was created from our belief that the journey to health is a partnership and a responsibility shared between the patient and provider. The partnership extends beyond the individual, to the family, the community, and to the world in which we live.

### Where We Live

Anchorage is surrounded by majestic snowcapped mountains, hundreds of miles of trails, downhill and cross-country ski areas, world-class fishing, and more. Anchorage is the largest city in Alaska, with a population of more than 300,000 people.

Alaska is known for its unique wildlife, beautiful summers (Anchorage averages 19.5 hours of sunlight a day), and breathtaking displays of the northern lights. If you enjoy the outdoors, socializing, and adventures, Alaska is the place for you!

Why work at  
Southcentral Foundation?

### **Our benefits are designed around your health and wellness.**

We offer employees one hour per week of paid wellness leave, on-site fitness and daycare facilities, competitive salary packages, and much more!

### **Our clinical team environment is one of the most robust in the country.**

Our data-driven, quality-focused approach means compensation is calculated to encourage a practice centered on wellness, not quantity.

### **Our integrated and accessible approach to care makes your job easier.**

Our clinics coordinate customer-owner (patient) care with integrated care teams that have access to specialists in multiple disciplines.

### **Clinical setting:**

- Compensation is not production based
- No billing

- Physician assistant and nurse practitioner coverage
- No insurance constraints on patients
- Customer-owner panels of approximately 1,200
