

Family Medicine Opportunities in Alaska!

Southcentral Foundation is the largest Alaska Native owned healthcare system in the state. Our award-winning model of care is based on our belief that the journey to wellness is a responsibility shared between patient and provider.

Our clinical team environment is one of the most robust in the country. Our data-driven, non RVU approach means that compensation is salary-based: encouraging a practice focused on wellness, not quantity.

Our integrated and accessible approach to care makes your job easier. Our clinics coordinate patient care with integrated care teams that have access to specialties in multiple disciplines.

Southcentral Foundation Primary Care

Clinical Setting:

- Work Monday through Friday, one evening a week and an occasional Saturday.

Anchorage – city of 330,000, the largest city in Alaska

Lots of cultural activities-a performing arts center that hosts national and regional troops, the Anchorage Museum of Natural History and the Alaska Native Heritage Center, fantastic restaurants, and a diverse music and arts community, Great public schools, good community, incredible outdoor activity opportunities.

Hundreds of kilometers of groomed, interconnected cross country ski trails in town are lit at night, by artificial light and the incredible moonlight reflecting off the snow and these trails are perfect for running and biking in the summer.

Alaska is known as the land of the midnight sun as we bask in 19.5 hours of daylight on summer solstice. Our summer temperatures reach into the mid to upper 70's and the landscape transforms into green trees and flower blossoms. On winter solstice, we enjoy beautiful sunrises and sunsets over beautiful snowcapped mountains and darkness brings the possibility of breathtaking displays of the northern lights.

Matanuska Valley –

Wasilla Population, 8,365. Mat-Su Borough Population, 96,074 ...largest growing area in Alaska, cost effective housing and low tax structure, small town feel, with larger city only 45 minutes away.

Home of the Iditarod Sled Dog race, numerous winter and summer recreational opportunities including fishing, boating, snow machining, cross country skiing, wildlife viewing, and sled dog racing. Wasilla embodies the small-town values of family, community, and caring for neighbors. The active population enjoys affordable land and housing, unparalleled recreation, and a thriving economy. Many of our providers live in Eagle River AK, 25 minutes from the clinic, and 20 minutes from Anchorage.
