Final date: Saturday, Sep 13, 2025 at 11:59pm (Pacific Time)

Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

POSITION DESCRIPTION

The University of California, Irvine, School of Medicine, Department of Psychiatry and Human Behavior is seeking established research scientists including clinical investigators at the Assistant / Associate / Full Professor level for the Ladder Rank series.

Candidates must possess an M.D. M.D./Ph.D. or PhD degree and have an established track record of conducting impactful, competitively funded clinical/translational research in major mental health disorders, such as mood disorders (including major depression and bipolar illness), neurodevelopmental disorders, psychosis and addiction/substance use disorders. Successful candidates will have the opportunity to build new research programs that leverage the rich and uniquely collaborative intellectual environment and robust research infrastructure of the University of California at Irvine. Successful candidate will also be expected to contribute to the educational mission of the Department of Psychiatry and Human Behavior including the training of the next generation of mental health researchers.

The University of California, Irvine is a Minority Serving Institution (MSI), a Hispanic-Serving Institution (HSI) and an Asian American and Native American Pacific Islander-Serving Institution (AANAPISI). These federal designations align with UCI as a national leader of inclusive excellence. Programs are available to meet the needs of dual-career academic partners.
